

Website Cookies Policy

April 21, 2022

What are cookies?

Cookies are small pieces of data that websites store on a device. We use Cookies to improve our users' browsing experience because they help the website remember preferences and understand how people use different features.

Most of the cookies on ZIBRIO Website is used by Squarespace, the platform on which our website sits and operates. For your convenience, we incorporated Squarespace's cookies policy herein. Please note that some of the cookies on Squarespace's policy may not be used on ZOBRIO website.

Squarespace Cookies

https://support.squarespace.com/hc/en-us/articles/360001264507?_ga=2.236446401.1522026299.1650475770-961956105.1643133403

Functional and required cookies

Squarespace uses some necessary cookies so visitors can navigate and use key features on websites. These cookies vary from site to site depending on the features it uses. For example, functional and required cookies help these features work:

- [Customer accounts](#)
- [Shopping cart and checkout](#)
- [URL redirects](#)

Name	Purpose, type, and duration
------	-----------------------------

_acloggedin

- Supports login by Scheduling client if the client has an account
- Cookie
- January 1, 2025

_client_acloggedin

- Supports login by Scheduling client if the client has an account
- Cookie
- January 1, 2025

TZ

- Enables a Scheduling client's appointments to display correctly based on their time zone preferences.
- localStorage

- Persistent

Cross-site request forgery (CSRF)

CSRF is an attack vector that tricks a browser into taking unwanted action in an application when someone's logged in. See <https://support.squarespace.com/hc/en-us/articles/360000851908>

Analytics and performance cookies

Squarespace use analytics and performance cookies to collect information on our behalf about how visitors interact with our site. Storing these cookies is how Squarespace populate the data you find in [Squarespace analytics](#), such as [traffic sources](#), [unique visitors](#), and [cart abandonment](#).

Cookie Name	Duration	Purpose
ss_cid	Two years	Identifies unique visitors and tracks a visitor's sessions on a site
ss_cpvisit	Two years	Identifies unique visitors and tracks a visitor's sessions on a site
ss_cvvisit	30 minutes	Identifies unique visitors and tracks a visitor's sessions on a site
ss_cvr	Two years	Identifies unique visitors and tracks a visitor's sessions on a site
ss_cvt	30 minutes	Identifies unique visitors and tracks a visitor's sessions on a site

Other Cookies ZIBRIO Utilizes

We use *Affiliatly* app for referral services. When the referral link is clicked, a cookie is stored on the visitor's device so *Affiliatly* knows that this is a referred visitor even though no order is made right away. *cookies are active for 14 days.*

When the visitor places an order, *Affiliatly* checks if they have an active cookie. If the visitor was referred by one of our affiliates, the order will be tracked and connected with the referred affiliate.

Instead of getting the IP address of the visitor, the app generates random and anonymous tokens when the referral link is clicked.

For more information please visit:
